General Guidelines for Internal Hackathon – SIH 2025

1. Teams can have a maximum of **6 members** (interdisciplinary teams encouraged, with at least one female member preferred).

2. Ideas/solutions must be **original and developed by the team**.

3. Each team should identify and work on a **relevant SIH problem statement**.

4. Teams must submit their details and idea abstracts within the **given deadline**.

5. The team has to prepare the Prototype during the 36 hour hackathon.

6. The internal hackathon will be conducted in offline mode

7. Students will bring their own material/system required to prepare the event.

8. Any teams found that have prepare the prototype prior to the event will be disqualified

9. The teams are not allowed to leave the Venue before the completion of 36 hr

10. Teams should be ready to **present and defend their prototypes** before the jury.

11. Plagiarism, copied content, or pre-developed solutions will lead to **disqualification**.

12. The decision of the internal jury will be **final and binding**.

13. Top 50 teams from the Internal Hackathon will be **nominated to represent LPU in SIH 2025**.

14. Shortlisted teams will undergo **mentorship and review sessions** to refine their solutions before SIH.

15. We will be not responsible for team submitting any wrong information leading to the disqualification.
